# HAVEN HOUSE

AN ASSISTED LIVING & MEMORY CARE COMMUNITY

“After years of caring for our mom, we reluctantly reached the decision she needed more specialized care. Mom was at Haven House for over a year and was happy and well cared for. Mom was always smiling; she loved all of the staff. They cared about her well-being and would keep us apprized of her health. We are at peace knowing she had received the very best care and love possible from not only her own family but that of Haven House as well.”

- 5. Fresh, Nutritious Meals.** Every day we offer 3 nutritious and delicious meals plus snacks in our cozy restaurant-like dining area.

At Haven House, our dining program is both intimate and flexible for our residents. Meals are home-cooked and an alternative menu is offered if residents are not interested in the daily menu. Our friendly staff serves meals in small courses. In addition, we are very accommodating to our senior’s tastes, preferences and food allergies.

## ALONG THE JOURNEY Memory Care Program

Haven House is designed for those with memory impairments, such as Alzheimer’s and Dementia, and require additional care and attention. We offer an enclosed courtyard where residents can remain safe and go outside for fresh air or family visits.

Our memory care residents are compassionately cared for by our staff who have been specifically trained to care for elders with Alzheimer’s and Dementia 24-hours a day, 7-days a week. Each resident will have access to optimal care and an activities program designed for their needs, interests and capabilities.

## LIFE ENRICHMENT

Haven House’s specialized Life Enrichment Department was created to deliver activities based on each resident’s cognitive and physical abilities. Each experience or activity is specifically chosen to connect and relate to our resident. Our community offers activities specially geared to the memory impaired population, including special outings like country rides, entertainment, and birthday celebrations for residents.
