A MEMORY CARE COMMUNITY  
**LEGACY LIVING**  
*at Arlington*

"My mother has been in Legacy Living for 5 years. Whenever I visit, she is happy and tells me she doesn't need or want anything. She tells me the food is great. The staff is very protective of her and takes care of her like she is their own mother! We feel very blessed to have found Legacy."

## Memory Care Services

---

Legacy Living at Arlington is the perfect place for someone with memory impairments such as Alzheimer's & Dementia. Our seniors often need help with their Activities of Daily Living (ADLs). Activities may include medication administration, bathing/showering, dressing, grooming and hygiene, clothing selection, transferring, toileting, and dining.

### Personalized Care Approach

Our initial focus is on learning about your loved one's individual skills, interests, history and home life. With great care, we shape an individualized service plan that outlines services and programs to fit each resident's preference and needs.

### Nursing & Care Support

Legacy Living was created exclusively for those living with Alzheimer's and related dementias. We concentrate on the programs and life skills to best meet our residents special needs. This helps promote independence and individuality as well as health and well-being.

## Daily Activities

---

### Programming

Our activities program at Legacy Living is planned and supervised by certified professionals 7-days a week. Programs are specific for including residents with varied levels of dementia. Activities are appropriately timed and fulfill a variety of purposes.

### Life Skills

Life Skills are activities that enable our residents to continue their routine and provide structure throughout the day. These activities are lifestyle oriented. Making the bed, setting the table, folding laundry and performing light housekeeping are all examples of purposeful life skills we practice at Legacy Living.
