

About Lake Meadows

Lake Meadows is located in the City of Fishers, known for being one of Indiana's best places to live and now providing the best assisted living option for our seniors. At Lake Meadows, you will enjoy affordable, gracious retirement living in one of our studio or one bedroom apartments.

Lake Meadows offers a complete range of senior living options that will meet your needs and exceed your expectations. Our community has been designed for fulfilling life without any worries. Our focus is on our residents and making sure that we are putting their physical and mental well-being first by providing activities, 24-hour nursing care, restaurant-style dining and a maintenance-free lifestyle. Lake Meadows is designed to help seniors achieve wellness in every aspect of their life.

Our Services

At Lake Meadows we strongly believe in providing our residents and families with the finest senior living experience. Our Assisted Living philosophy is based on creating a balance between independence and support allowing residents to age in place with respect and dignity. Our professional nursing staff will start with an initial assessment to develop an individualized care plan that works best for each resident. Our services focus on each individual's needs assuring that family and residents have a peace of mind by providing the following:

- 24/7 Onsite Nursing Services
- Medication Management
- Health Care Monitoring
- Security Systems
- Emergency Pull-Cord System in All Apartments

Why Lake Meadows

We are dedicated in helping our residents pursue a healthy and happy life that is lived to the fullest. Every day our staff is dedicated to making sure that our residents take advantage of our life enrichment activities, community outings, and wellness. Here at Lake Meadows we want to get to know our residents through our Resident Lifestyle survey. This information helps us to plan and develop activities that our residents will enjoy. Making sure that each day is filled with residents making new friends and memories.
