LIFE ENRICHMENT PROGRAMMING

The Ivystone Life Enrichment program boasts many activities and local outings that give our residents a purpose every day. We incorporate daily spiritual, social, physical, and intellectual activities. Our activities director spends time getting to know residents. She meets with new residents to find out what their interests are and what they enjoy doing most. Monthly events may vary based on residents' interests and participation.

In addition to regularly scheduled activities such as church services and Bible study, trips to Walmart and local outings, we offer educational talks and presentations. Presentations include discussions on health and nutrition, veterans' Aid & Attendance, and more.

Programming at Ivystone keeps us vibrant and in touch with our surrounding community. You'll find our spirited program inspires residents to lead fulfilling and active lives.

Our community is an affordable senior living option. All of our apartments have large, sunny windows and are private with private baths. We accept private pay, veterans' Aid and Attendance, Medicaid Waiver, and long-term care insurance.

Dining Program

Join us for three meals a day, plus snacks! The dining experience is a great way to meet with friends and enjoy our friendly staff. Each meal is home-cooked and served in our dining room. We have restaurant-style service with a daily "chef's choice" for meals, or residents may order off the alternative menu. Meals change every day, and we are very accommodating to residents' tastes, preferences, and food allergies.

CONVENIENT SERVICES & AMENITIES

The care that each resident receives at Ivystone is unique to his or her needs. Each resident's activities of daily living (ADLs), such as dressing, bathing, and hygiene, are assessed upon move-in and regularly throughout their stay. We work with the resident, family members, and health practitioners to create the right plan of care for each person.

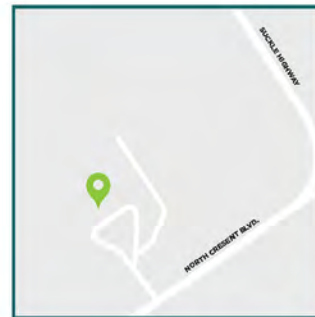

Care-related services include, but are not limited to:

- Care staff, including a licensed nurse, at community 24 hours a day, 7 days a week
- Personal care assistance with activities of daily living
- Medication assistance and administration
- Mobility assistance
- Continence maintenance
- Visits from outside physician
- On-site visits from the dentist, podiatrist, home health, and more
