WE'RE HAPPY YOU'RE HERE.

WELCOME HOME

Celebration Villa of Mid Valley, PA, is a friendly and secure Memory Care community that specializes in Alzheimer's and dementia care. Our memory care specific programming, called Along the Journey, focuses on supporting our residents' independence and overall wellness. It also helps family and our caregivers work together to create an optimal experience for the resident. At Celebration Villa, each resident is treated as a respected member of our family. We understand the importance of our residents having a feeling of connection, community, comfort, and caring.

Our knowledgeable staff, specifically trained in Alzheimer's and dementia care, listens to understand both resident and family needs. Fulfillment is met through communication and follow-through. It is through the strength of our staff that we consistently provide the highest quality of care for our residents.

CARE WITH COMPASSION.

SERVICES OFFERED

Residents at Celebration Villa receive the right care services that will serve their overall wellness. Together, we develop a care plan that is customized that will best serve their unique needs.

Care-related services include, but are not limited to:

- A tailored plan of care that includes assistance with activities of daily living such as bathing, dressing, and/or grooming
- Medication assistance and administration
- Mobility assistance
- Continence maintenance
- Tailored care plan
- Care staff onsite 24/7

At Celebration Villa, residents may choose to remain with your current doctor or see any of our visiting physicians that include:

- On-site or telehealth doctors
- Onsite rehabilitation therapy including physical, speech and occupational therapies
- Visiting podiatrist, dentist, home health, hospice, and more

SHORT-TERM RESPITE CARE

Residents in short-term respite care receive all of the care services and amenities, but for a shorter, predetermined length of stay. Respite care is for loved ones who may need a little help after a hospital or rehab stay, or when caregivers plan a family vacation or just need some time to relax and recharge.

To learn more about our enhanced personal care program and understand if it is right for you or your loved one, call us at 570-383-9090.

DINNER IS BETTER WHEN WE EAT TOGETHER.

HOME-STYLE MEALS SERVED DAILY

Following the guidelines of the National Alzheimer's Association, we provide a nutritious and well-rounded dining experience. When possible, we strive to get our hands on seasonal produce from local producers. Our staff members are pleasant and meet with each resident to understand their comfort foods and so we may accommodate individual tastes, preferences, and food allergies. Here's an example of a day's meals served to our residents:

BREAKFAST

INCLUSIVE CULTURE THROUGH RESIDENT DRIVEN PHILOSOPHY.

LIFE AT CELEBRATION VILLA

At Celebration Villa, we believe life should be celebrated at every stage. Our specialized memory care programming, called Along the Journey, delivers activities based on each resident's cognitive and physical abilities. We prioritize a mix of offerings that nurture each resident's mind, body, & soul, focusing on enjoyment over achievement.

Residents can choose to participate in group activities or one-on-one interaction with staff. Our unique sensory cart provides sensory stimulation to our residents to help decrease agitation and restlessness. This one-on-one interaction is calming and enjoyable when residents are unable to participate in group activities.

MIND

Intellectual exercise is the first of this trio and helps our seniors to maintain attention, memory, and independence. We do this through activities such as:

- Reminiscing Circle
- Trivia games
- Puzzles

BODY

Physical activity is crucial to maintaining seniors' balance and mobility. A few examples of these activities include:

- Dancing to music
- Stretching
- Individual outdoor walks with staff

SOUL

Enriching the soul can be done in a wide variety of ways. Some ways we love to incorporate self care are:

- Spiritual or religious services
- Pet therapy
- Listening to favorite tunes

OUR FOCUS: PERSON-CENTERED CARE.

MEMORY CARE AT CELEBRATION VILLA

The Along the Journey program was created specifically for our residents with Alzheimer's and dementia. It's a way for loved ones, family, and caregivers to develop trusting relationships. The journey begins with a successful transition that supports your loved one in their new environment.

Prior to admission, our staff will sit with the family to understand our new senior and plan the best transition into the community. We also include the resident, family, appropriate physicians, and caregivers to create a plan of care. Once the resident moves into their new apartment, the family can depend on our consistent and compassionate staff specifically trained in dementia caregiving throughout the day and night.

Our holistic approach includes:

- Offering a safe and comfortable environment
- Providing consistent, friendly caregivers educated in dementia care
- Delivering a calming experience based on your loved one's current abilities and needs, with respect to their culture and preferences
- Encouraging your loved one to have an active participation in their care to maintain a sense of independence and control
- Being a resource to families, staff, and other residents
