

ABOUT POET'S WALK SAN ANTONIO

Poet's Walk is a senior community offering memory care-specific services that support our residents independence and overall health. Through our Along the Journey program, residents and caregivers develop trusting relationships with one-on-one and family connections. Care services are adapted to each individual's abilities and personality to ensure a comfortable and safe environment. Our goal is that every resident who moves into Poet's Walk is treated as a respected member of our family and has a feeling of connection, comfort and caring.

LIVING WITH DIGNITY AND PURPOSE

Choosing the right memory care community makes all the difference. With innovative programming that allows for flexibility, a holistic approach to care and one-on-one attention, our residents and families will experience the very best in Memory Care services.

A HOLISTIC APPROACH

From staying well-hydrated to socially interactive, we build a structured daily plan unique to each resident's overall wellness needs. The first step is learning about the resident's daily routines and life history previous to our community. This helps our team build trust and rapport with each resident, a necessary component in their health. Working with the family to learn about each resident will also put the family at ease.

PERSON-CENTERED CARE

To ensure the right amount of care for each resident, our assessments include the resident, the family, and other medical providers, as applicable, to create a care plan to achieve the highest quality of life possible for the resident. Our team delivers care and services 24/7.
