LIFE AT BRENTWOOD ELKHART

We believe life should be celebrated at every stage. Residents can choose to fill their social cards with events and group activities, or further their personal growth through creative, spiritual, and educational opportunities. We prioritize a mix of offerings that nurture our residents' mind, body, & soul to encourage and prioritize long-term health.

MIND

Intellectual exercise is the first of this trio and helps our seniors to improve attention, enhance memory, and increase independence.

BODY

Physical activity is crucial to maintaining seniors' balance and mobility.

SOUL

Enriching the soul is based on how residents would like to see their personal growth or give back to the local community.
